Property Description

Eco Community with private reserve, Home and Cabin Rental Business This amazing property is located in the heart of Lagunas just 10 minutes from the beach and the last 5 min is on a very well maintained gravel road. The property is perfect for someone that wants to continue renting the existing cabins, or run the property as a retreat center, or remove the cabins and build several new homes. When you enter the gated property, you are on a very nice, well-maintained road that is lined with coconut palm trees. After a few hundred meters on the right you pass the "Laguna" that the community and farm are named after. Then a little farther up on the left is the driveway to the main home, it is a 4000 sq. feet 3 story home with 4 bedrooms and 3 bathrooms, wrap around decks, and covered parking. It would make a great central area for a retreat center. There is room to add a pool. The 6 cabins are sprinkled throughout the large property and are all very private with great views.
