## Property Description

Price Reduced by \$20,000!! If you want to live in a rustic cabin in the Costa Rica mountains and yet still be only an hour from the beach, this is perhaps the property for you. The views of the surrounding mountains and valley from this mountain cabin in the tiny village of Quebradas Arriba are simply breathtaking. The view of the "Sleeping Indian" can plainly be seen from a few of the listing photos... simply amazing! The cabin is rustic, yet entirely comfortable. It has about 160 M2 of total living space. The cabin is constructed with cedar and other woods. It has two guest bedrooms downstairs, along with a bathroom. There's a spacious living room area and kitchen with large window and great view of the mountains. On the second floor is the master-suite loft with bathroom and balcony overlooking the expansive valley view. There is ample area for parking. And the grounds are plenty large enough to do some extensive cultivating, or perhaps even locate a small guest cabin.
