## Property Description

Nimbu is a brand new, eco-conscious gated community with incredible ocean views located adjacent to the turtle preserve of Ostional. The community's location is perfect for those desiring seclusion and privacy while still being a close 5-10 minute drive to the amenities of Nosara. The Nimbu concept is to provide the best possible infrastructure with pathways to conscious development that are both socially inclusive and environmentally sustainable. The development looks to ensure that as it grows into a community, it will respect the local environment, maintain other people's privacy, and kindle authentic relationships with neighbors. The owners and developers of Nimbu have spent the last five years planning and designing the community in a way that will preserve the quality of the development. The properties are as close as one can get to the nature preserve ensuring that the views of the ocean and the turtles can never be obstructed.
