Property Description

Nestled on Costa Rica's pristine Pacific coastline just minutes from the beach, this is a fairytale hacienda perched on a hilltop among scenic cattle ranches and forests. Designed with love, it brings happiness, peace and relaxation to everyone who visits. From the moment you open the gate to see the idyllic white gravel drive, stables and caretaker's home, you can feel the property's classic romance. The setting feels like a snapshot from a different time - it can be difficult to remember that an international airport is only an hour's drive away. The main residence, a spacious three-bedroom villa designed with Mediterranean charm, is situated above an infinity pool with expansive views of the Pacific coast. Terraces around the open living room and kitchen provide an exceptional place for relaxing while watching sunsets over the ocean. Every indoor and outdoor space is filled with light and air flow.
