Property Description

Just reduced \$2,000,000 for quick sale! This exclusive boutique hotel is located in the Costa Ballena area of Costa Rica, which is steadily becoming the hottest destination in the country. Surrounded by untouched tropical jungle, with views of the Pacific Ocean, the hotel is intimate and inviting. The hotel was built in 2005, it has a luxury design with touches of colonial and native Costa Rican influences that allow this hotel to stand out from the crowd. The bi-level second floor holds the restaurant and the lobby, which includes a 700 sq. ft. lounge and souvenir shop. The attention to detail is displayed in the decor; noteworthy is the ceiling dome of the restaurant with optic fiber star constellation of the local sky on August 8th, 2005. The restaurant is the central gathering area and is designed to serve homage to local ancestors. Its architectural design was based on the traditional ceremonial dwelling of the Boruca native tribe of Costa Rica, featuring views of the ocean below.
