## Property Description

Star Mountain is a 225-acre jungle oasis in the mountains of Mal Pais, the most exclusive neighborhood in Costa Rica. The extensive land forms a contiguous stretch of forest with Cabo Blanco National Park, Costa Rica's oldest nature reserve. Star Mountain is a lush mosaic of jungle, rolling hills, mountains, streams and hiking trails with many plateau views of the light sandy beaches of Mal Pais and Santa Teresa. The beach is only 2 kilometers away downhill and many of Costa Rica's finest surf breaks are within minutes. For people seeking a tranquil setting to decompress, Star Mountain offers a retreat where the only sounds you will hear are the grousing of howler monkeys and a symphony of birds. At night, the strategically planted Ylang Ylang trees emit a perfumed scent that surrounds the compound. Animal Planet has sent several teams to shoot footage of the abundant wildlife and stunning topography.
