Property Description

This is one of the best lots in the popular barrio of Quebradas, only minutes from downtown San Isidro de El General and about 45 minutes to the beach. Quebradas is popular with expats due to its convenience and proximity to a town, it's comfortable altitude (between 900 and 1,000 meters), the gorgeous river that flows through, and the abundance of flora and fauna. It is a bird watcher's paradise and nearby you'll find the Quebradas biological reserve, with hiking trails and numerous waterfalls. This lot has a large building site with 360 views of the surrounding mountains, valley, and city, including the famous "sleeping Indian" formation. There is also a rancho for entertaining. The rancho has a bedroom, bathroom, storage space, and a balcony with views. The lot is on the concrete Calle Barrantes that features some of the nicest homes in the barrio. High-quality mountain spring water from the Quebradas ASADA, electricity hookup and high-speed internet are all easily available for building your dream home on this spacious lot.
