Property Description

This 3 bedroom, 2 bath home is nothing short of spectacular. Constructed in July 2020, this home feels like a tropical spa. With ornate finishes, open concept living, and high ceilings, the home is flooded with natural light and each room feels airy and inviting. The living areas include a chef's kitchen with veined quartz counters, high-end appliances, and a deep apron farmhouse sink. The kitchen also boasts a beautiful wooden island, modern cabinetry, and great lighting. The kitchen flows into the open concept dining room. The dining room is spectacular, with a large beach themed wooden and glass dining table and six chairs. Even this table and chair set is a work of art that will be both a conversation starter and the place where stories will be told. Above the dining table is a gorgeous Turkish style light pendant arrangement with 10 unique colored glass pendants. A large artistic shelf completes the dining area and offers the perfect place to display your treasured ornaments or dining sets.
