Property Description

If you are looking for a home in Costa Rica on a gorgeous river, with space for privacy, growing, and/or building additional living spaces and at a comfortable altitude, this property has it all! The property measures a full hectare, or about 2.5 acres, and has frontage on one of the prettiest rivers in all of Perez Zeledon, the Peñas Blancas. The river offers numerous swimming holes, fishing, and just enjoying its immeasurable natural beauty. Rivers like this also attract many of the species of wildlife common to the area. The home is a cozy cabin of super-resistant Chilean pine, with a large master bedroom and bath, and two guest bedrooms that share a bathroom. There are also spacious living room, kitchen, and laundry areas. There is a great outdoor living area under roof, or what we call in Costa Rica a "rancho." It offers a barbecue pit and plenty of space for entertaining. This "mountain" property is also unique in that it has a pool! There is a covered carport for two cars.
