- Income Producing

Property Description

Amazing ocean views are seen through the glass doors and windows of this jaw-dropping luxury home as you approach. You will frequently be greeted by toucans, monkeys, or other beautiful wildlife in the large trees with epic ocean views in the background. When you pull into the paved and covered and head towards the front door, you can feel the environment's natural beauty. The impressive luxury touches of this home immediately become evident. As you head toward the front door, you notice the lush and colorful landscaping and tropical plants. When entering the house, the floor plan opens to a vast vantage point of 180-degree ocean views through the all-glass main area. The custom gourmet kitchen is bright and inviting with local teak hardwoods and an expansive island, and Wolf appliances formally integrated with wood panels. There is a walk-in pantry with two entrances on the left side. The dining and living area has a tropical luxury and Bali style feel with a textured accent wall in the entertainment area—complete with projector and custom sound system.
