## Property Description

Peninsula Condominium is a 32 unit residential project with eight floors built over an underground parking facility. It offers 2 and 3 bedroom condominiums, as well as 4 luxury penthouses nestled on the upper level. All the common and social areas are carefully designed and equipped to fulfill the most exclusive standards. Ocean view condos are on the 5th and 6th floors. Our condominiums are located in Playa Langosta, set amongst magical white sand and a turquoise water ocean, just one block from the beach. Walk through our beautifully landscaped tropical gardens, take a dip in the resort style pool and complete your day in a quiet moment on our 7th & 8th floor sundeck, watching the sunset with a glass of wine taking in the panoramic views of the mountains and Pacific Ocean. Our project aims to combine the diverse materials and textures in its purest form, creating elegant and genuine spaces to become one with the clean energy Country of Costa Rica.
