Property Description

Gorgeous mountain home with unbelievable views of the Pacific. This jewel of a home is surrounded by nature and has one of San Ramón's best views of the Pacific Ocean. The home sits on a 2.71 acre property, which allows for the privacy, freedom, and space to live out all of your Costa Rican dreams. Part of this acreage is bordered by a river. The home was designed with mixed styles: a little bit of Europe, a little bit of America, and of course, the Tico style. The ceilings and roof are constructed of fine, cured wood that will last forever. This beautiful home has 3 bedrooms and 2 bathrooms. The downstairs bath is very spacious and has a bathtub with unmatched views of the mountains. There is a large room with fireplace that can be used as a TV room or living room, large kitchen, dining room, wine cellar, and a terrace that you'll be sure to spend hours on, admiring the natural beauty of your new home.
