Property Description

Las Quintas de Miravalles consists of four immaculately maintained stair-step building sites with breathtaking panoramic valley views. All four are roughly one hectare (10,000 square meters) in size. The upper lot (or quinta) has a small 2-bedroom, 1-bath, cabin, with funky internal appointments, such as a stone shower. The upper lot, with house, has a price of \$169,000. The other three lots are all priced at \$139,000. The property is situated at over 1,000 meters in altitude, which offers a near perfect cool climate. It is only about 15 minutes from downtown San Isidro de El General and about an hour from the beach. The property is bordered by a year-round creek. The upper portion is adjacent to a well-maintained public road where water and electric services are readily available. This property is located in the barrio of Miravalles, just above that of Quebradas, two of the most popular areas for expats, due to their quaint and peaceful nature, beautiful rivers, nature reserve with hiking trails, and convenient proximity to the city of San Isidro de EL General.
