## Property Description

SIBU Sanctuary is a very special place in Nosara, Costa Rica, over 14 acres of available land including four separate building pads and the North Valley reserve. Set in the jungle of Santa Marta, but only a 5 minute drive to Nosara Town for bank, groceries and conveniences and a 15 minute drive to surf in Playa Guiones or a shorter 10 minute drive to surf Playa Ostional. The four lots and North Valley property surrounds the SIBU Wildlife Sanctuary whose mission is to rescue injured, orphaned and displaced wild animals and provide them immediate medical care, rehabilitation and eventual release into the wild. If you want to be in close proximity to the amenities of Nosara, but be immersed in a jungle experience with ocean views this is the property for you. The property can be bought as the complete package or separated in a combination of available lots and the large North Valley reserve.
